

Sacramento Chapter

Volvo Club of America

The Sacramento Chapter of VCOA has re-formed with new officers and is scheduling local events for 2008. Learn more about Volvos and related topics, meet other local people interested in Volvos, and just have fun. Our events are open to all people interested in Volvos. Please join us at our first event:

Sacramento Chapter Introductory Event at IKEA in West Sacramento

10:00 AM, Saturday, June 7th

700 West IKEA Ct.
West Sacramento, CA 95605

This is a meet and greet, and represents the first event that is being planned by the reformed Sacramento Chapter. We will arrive at 10:00 AM, and enjoy a nice lunch at Ikea's buffet at 11:30 AM. Chapter representatives will provide an overview of events for the year. We will also be organizing a Swedish culture trivia contest during lunch. Some of us may want to shop afterwards. Experience how you can exist in a 247 sq. ft. modular apartment and learn of other Scandinavian coping techniques!

This event is free of charge for participants, with the exception that you will need to cover the cost of an inexpensive lunch (the Swedish meatballs are great). We will reserve a block of parking spaces for our Volvos (all models are welcome). We may also have some visitors from the Bay Area Saab Club as well! Please email a RSVP or direct questions to Jeff Molander (email address and phone number listed below). We will finalize all details, driving directions and instructions a week or two before the event.

To be notified of future chapter events or to learn more about how you can help with club activities, please drop us a note via e-mail or give us a call:
